HAPPENINGS ABOUT CITY TOLD IN BRIEF

Miss Kathryn Adams is visiting relatives at Forest Hill, Richmond.

Dr. and Mrs. Hugh Mc Guire left today for Chatham, Mass., where they will remain until September.

Mr. Frederick P. Russell, who is spending the summer camping at Noank, Conn., is in the city for two days on legal business.

Mrs. J. C. Allen and two children, Ashby and Ruby, accompanied by Allen Drown, left today for Riverside, Md., to spend a week.

Miss Margaret Adams has returned to her home in Rosemont, after a three week's visit to relatives at Charlottesville.

Mr. and Mrs. W. B. Smoot are at Rockland Breakwater, Maine, where they will spend the remainder of the summer.

The Rev. Dr. E. B. Jackson will address the meeting tonight of the missionary organizations of the Potomac Baptist Association, now in session in the Del Ray Baptist Church.

Mr. W. H. Fawcett, who for some time past has been connected with the city engineers office, will leave tonight for Danville, Va., he having accepted a position with the state highway commission as engineer.

A forty mile trip down the Potomac will be made this evening on the steamer St. Johns on the excursion to be given by St. Mary's Church. The boat will leave the Norfolk Steamboat Company's wharf at 7:30 o'clock.

The announcement has been made that the next meeting of the Potomac Association will be held with the Mt. Holly Baptist Church, Fauquier County, on the morning of Wednesday, August 11, at ten thirty o'clock. There will be conveyances at Remington for all delegates and visitors.

The Washington-Virginia Railway Company it is stated expect to reduce the number of its trains between this city and Washington beginning November next. This will mean that between ten and twelve conductors will be let out. It is stated that the reason is that the company desires to curtail its expenses.

Practice game will be staged on the High School grounds Thursday between the Dreadnaught team and a picked team also from the club, under the direction of Grover C. Payne. "Rip" is working under cover on his line-up, having some "dark horses" to spring on the fans and will no doubt give the Dreadnaughts what is badly needed that is, stiff practice work, in preparation for Sunday's game with the crack Clarendon Club.

Announce Winner

Prize of $25 to be Given Tonight at Grand Theater For Name Selected.

The winner of the prize for a name for the Grand Theatre will be announced tonight and $25 will be awarded the winner. All persons who submitted names in the contest are requested to be present by the manager at tonight's performance.

Several hundred names were sent in by men and women throughout the city and the management is well pleased with the generous response on the part of citizens The name selected will be placed over the front of the theatre. This theatre was formerly known as the Grand Theatre and is now under new management.

The announcement of the winner will be made by the management at 9 o'clock.

DISCHARGING WORKMEN.

Gloucester, N. J., July 28.—Many men are being laid off in the shipyards along the Deleware River because the working forces are being reduced.

PLOT TO KILL UNIONS

Labor Secretary Declares Policy to Begin Sept. 1. Will Cause Strike

Washington, July 28.—Charges that directors of the principal railroad systems of the country were only waiting for expiration of the present agreement between the government and railways on September 1 to inaugurate a union-wrecking policy by terrorist methods, were made yesterday by John Scott, secretary of the National Association of Railway Employes.

Mr. Scott declared that the conspiracy against railroad labor included an attempt to deprive the men of wage scales and working conditions that had been granted under government control, especially the eight hour working day.

"Of cource such an attempt is entirely illegal,' said Mr. Scott, "but what do the railroads care for that. The result may be a temporary breakdown in all forms of railway transportation."

When asked to explain this statement, Mr. Scott replied: "I mean a railway strike of national proportions".

"Of the 12,000 men recently turned adrift by the Pennsylvania Railroad, 3 000 were shopmen and mechanics. These mechanics were workers who could least be spared. The result is that every mechanic retained is now obliged to work overtime in order to keep rolling stock in even passable condition. The railway men will never give up the advantages they have gained after a hard struggle."

REDS MAY RULE WORLD

Ex-German Generalissimo Forsees Europe's Crumble by Bolshevism's Deadly Penetration

Washington, July 28.—Victory for Soviet Russia over Poland would result in Bolshevism sweeping all of Europe and eventually the entire world in the opinion of General Eric Ludendorff, famous German war leader. His views are set forth in a specially prepared and hitherto unpublished memorandum on the "Dangers of Bolshevism," written last month and received here yesterday in official circles.

"Poland's fall will entail the fall of Germany and Czecho-Slovakia," General Ludendorff says. "Their neighbors to the north and south will follow. Fate steps along without elementary force. Let no one believe it will come to a stand without enveloping Italy, France and England in its hideous coils. Not even the seven seas can stop it."

Addressing himself to the "civilized nations as a man who knows war," General Ludendorff pleads that his message not fall on deaf ears.

"Then it will be too late," he declares, "and the present civilization will crumble as did that of Greece and Rome.

CIRCUS CLOWN KILLED.

Denver, Colo., July 28. — Lon Moore, of Defiance, Ohio, a circus clown, was killed; Charles Hite, circus concessionnaire, of Ironton, Ohio, was fatally injured and three Denver people were seriously injured when their automobile rolled off a 200-foot cliff in Bear Creek Canyon early yesterday.

William Hart, a taxicab driver of Denver, and his wife, were in the front seat. It is said the woman became excited and grabbed the steering wheel and turned the car over the edge of the precipice.

MRS. WILLIAM D. WOOD DIES.

Mrs. Selina Tubman Wood, a well known resident, died at 4 o'clock yesterday afternoon at the Alexandria Hospital. She had been ill for the past three months. Mrs. Wood is survived by her husband William D. Wood, a daughter. Mrs. Maurice R. Wilkins and two sisters. Mrs. Charles King, this city and Mrs. Pricie Hurdle of Washington.

The body was taken to the home of her daughter, Mrs. Wilkins, 809 Cameron street and prepared for burial. Her funeral will take place at 5 o'clock tomorrow afternoon from Christ Episcopal Church. Services will be conducted by Rev. Dr. W. J. Morton, rector. The interment will be private.

MARRIED.

PETRIE—HUNTER—On July 24, 1920, at the parsonage of the M. E. Church South, by the Rev. E. V. Regester, D. D., Miss Heta Petrie of Washington, D. C., and Thomas S. Hunter, of Alexandria, Va. 179—1p

SAMUEL SORRELL'S TRIAL FOR MURDER

Fratricide Arraigned in the Corporation Court Today

BUT FEW ONLOOKERS

Jury Soon Secured—Case, it is Believed, Will Require But One Day —Verdict Expected Early Tonight

The trial of Samuel Sorrell, charged with shooting and killing his brother Charles on the morning of July 4th, in an ark on the river shore in the extreme northeastern section of the city, began in the Corporation Court this morning. The trial attracted but few spectators. Howard W. Smith, Commonwealth's Attorney, assisted by Albert Bryan, jr., conducted the prosecution, and the accused was represented by Messrs. C. H. Smith and Frank Stuart.

The jury was soon secured by the selection of the following: Park A. Kersey, Charles Corbett, B. B. Brown, Edward R. Mills, Llewellyn Dyson, L. P. Woodward, George T. Burroughs, Harry H. Newton ,E. S. Goodloe, J. Brooke Carter, Elmer Alexander and S. M. Pulman.

The Commonwealth's Attorney subsequently addressed the jury, asking that a verdict of murder in the second degree be returned. The counsel for the defense waived that privilege, and the taking of testimony began.

Chief Goods, of the police force, was the first witness. He stated that Charles Sorrell, whom he visited in the hospital, before he died, had stated that his brother Samuel shot him. The chief said Samuel Sorrell came to the station house and delivered himself to the police.

Daniel Alexander followed. Witness was standing near the ark in which the shooting took place. He told of trouble between the two brothers over a game of cards in an ark owned by James Deane, also of fights between the brothers, and subsequent attack made by Charles upon Samuel, in which the former used rocks, one striking the witness and rendering him unconscious for a short time. He told of Charles subsequently leaving the scene and returning. He called Samuel ugly names. Charles also threatened to kill Samuel. Charles had no gun that he could see.

Doctor S. B. Moore, who attended Charles Sorrell in the Alexandria Hospital, described the nature of the wound of which Charles Sorrell died. He said the dying man charged his brother with shooting him.

James Deane, later took the stand. He said the trouble between the two men originated over a game of poker which had been in progress during most of the night. The brothers with others were participating in the game. This happened early in the morning. Witness told of the rock battle, and alleged that Charles had threatened to kill Samuel. Charles had a gun, which he pointed at Samuel and defied the latter to shoot. Samuel had taken ten cents from the "pot" and a "rake off" which act precipitated the trouble between the brothers. Witness did not see the shooting, but heard the report of the gun while standing a short distance away from the scene. The brothers, he said, had had several fights before the shooting occurred.

James Mason, colored, in whose ark the tragedy took place, testified that the brothers had been quarreling over a game of cards during the morning. After Samuel had taken ten cents as a "rake off" Charles left, but soon appeared. Witness had followed the deceased up a hill and endeavored to dissuade him from committing any overt act, as Charles had threatened to kill Samuel. The former went away a second time, and returned with a gun. Charles was standing inside the ark when his brother discharged the gun at him.

J. Bolton was the next witness. He testified to following Charles Sorrell when he returned after the encounters with his brother. He had a gun in his possession.

A one o'clock the court took a recess until two.

Judge Moncure stated today that if necessary a night session will be held in order to finish the case today.

MAY BUILD BARGES AT V. S. CO'S PLANT

Working on Contract For Construction of Eight

TO RAISE SHIPS

Company Organized to Use Devices to Recover Ships Sunk in Atlantic by German Submarines During War

The Virginia Shipbuilding Corporation may secure the contract for the construction of eight submarine tower barges for raising ships sunk in the Atlantic ocean by German submarines during the progress of the world war.

The local company is now engaged in preparing estimates on the cost of construction of the number of barges the Transcontinental Wrecking Company desires to be built and they hope to land the big contract.

The Transcontinental Company is composed of Washington and Baltimore capitalists with offices in the Gill Building, Washington.

Newton F. Chamberlain, consulting engineer of the company, and president of the company, yesterday announced that the barges will carry along several hundred men as soon as they are completed, and the actual work of raising ships will be begun.

Negotiations for the raising of government-owned ships are now pending with the Federal government. The Lusitania will be one of the first vessels to be raised, according to Chamberlain.

Among the Washington men backing the company are former Representative Frank C. Smith, of Maryland, now manager of the National Garage, and Paul D. Moore an automobile body dealer of Washington. The other backers are from Baltimore.

The Transcontinental Wrecking Company claim they can raise any ship without sending a man below the surface, no matter what its depth, through their recently patented submarine barge.

Here For Repairs

Steamship Worcester Arrives From Genoa, Italy.

The steamship Worcester, from Genoa, Italy, arrived at the yards of the Virginia Shipbuilding Corporation at 9 o'clock this morning for voyage repairs. This ship is owned by the United States Transport Company. This is the first time in many years that a big ship from a foreign port has reached here to undergo repairs. This ship was built at the Groton yards of the United States Steamship Company.

U. VA. STUDENTS.

To Give Dance Friday Night in Elk's Hall—Subscription Affair.

The Alexandrians who have been students at the University of Virginia for the past few sessions will give an informal subscription dance Friday evening in the Elk's auditorium. Dancing will begin at 9 o'clock and arrangements have been made for excellent music. The committee in charge of the affair is composed of Messrs. Laurence G. Fawcett, Gardner L. Booth, Jr., and Albert V. Bryan.

The remaining household and kitchen furniture at 319 South St. Asaph Street will be sold at public auction Thursday, July 29, on the premises, beginning at 10 a. m. by S. H. Lunt, auctioneer. Persons desiring to purchase at private sale call at 817 King street. 177-3c.

HEALTH WORK REVIEW OF YEAR

Summary Given of Efforts To Prevent Diseases

MILK INSPECTIONS

Department Says That Practical and Constructive Workk Has Been Accomplished During the Past Year

Summary of general lines of work carried out in our efforts to improve the sanitary condition of the City of Alexandria, and protect the inhabitants against communicable diseases.

From its organization, this department adopted the policy of using public educational propaganda as the most effective means of securing general co-operation from the citizens of the city. To that end, the health officer during the past fiscal year, wrote and the Alexandria Gazette kindly published a total of 28 articles upon the subjects of general sanitation and the cause and prevention of communicable disease. Mose of these articles were a column and a half in length, and were designed to be simple, practical and instructive. Ten public addresses on sanitation and disease prevention were delivered during the year.

Dairy and Milk Inspection

We have considered milk inspection work of the utmost importance and have devoted much time and labor to the general inspection of all dairies delivering milk within our city limits. Every such dairy must secure a permit from our department, and we only grant such permits after a personal inspection of the dairy and the methods of handling the milk. All cows must be tuberculin tested once each year. Barns must be kept in sanitary condition. The methods of washing bottles and milk utensils, the cooling and handling of the milk from the time it is taken from the cows until it reaches the hands of the customers, must be approved by our department.

And last but not least, we take samples weekly from the dairy wagons as they are delivering their milk about the city. These milk samples are then tested in our laboratory for butter-fat content and bacterial count. If any fall below our standard, we warn the dealer. A second warning means prosecution.

That this work was greatly needed, is amply shown by the fact that the sanitary condition of the many dairies serving our city, their general methods of handling their milk and the quality of the milk has been raised from 30 to 50 per cent during the fiscal year just closed.

General Food and Meat Inspection

The importance and value to the public of the constant and careful inspection of the meat and various other foodstuffs offered for sale, is a matter than can no longer be questioned by any intelligent person. That your Health Department has done this work honestly and fearlessly during the past year is attested by the fact that we have condemned and destroyed many thousands of pounds of meat, fish and other foodstuffs as being unfit for human food. The various article condemned and the quantities of each will be found tabulated in the detailed report.

If for no other reason, we feel justified in saying the work of the Health Department in guarding the milk and food supply of our city would amply repay our citizens for its cost.

General Sanitary Inspection

Under this head our work has been so varied and continuous, that it is rather hard to summorize it. All the restaurants and lunch rooms of the city are under almost daily inspection. There are about 300 places in Alexandria where foodstuffs or drinks in one form or another are sold. This includes grocery stores, meat and fish markets, ice cream and soft drink establishments, bakeries, candy stores, etc. It will be seen that this alone would entail a large amount of work, and much of it has to be done after regular office hours.

The conditions we frequently find

WED AT MONUMENT.

Not having an airplane convenient and wishing to go as far up in the air as possible to be married, Basil C. Coffman and Cleda May Arey, the former 22 years of age and the latter 25, both of Dayton, Va., made an effort yesterday to be married at the top of the Washington monument.

They left the court-house with the license and the officiating minister but arrived at the monument a few minutes after it was closed for the day.

Not daunted at the closing of the monument, they were married on the grounds at its foot, the Rev. H. L. Bivens, of Warrenton, Va., officiating.

The young couple had been visiting at Warrenton. They expressed the hope that no publicity would be given their marriage as they wished "to surprise" the folks when they returned home. They denied that their desire for an airy wedding had anything to do with the bride's name.

TENNIS COURTS

Boys and Girls Enjoy Sport at Lee School Grounds

The tennis courts at the Lee School playgrounds are being extensively used by the boys and girls, great aptitude and interest having been shown by both.

The older people of the town who are tennis enthusiasts and wish to use these courts should see Miss Howard and have certain hours during the day arranged whereby the use of the courts would be turned over to them exclusively.

Everything possible is being done to keep the courts in shape and any assistance or suggestions as to the upkeep of the grounds by local tennis players would be greatly appreciated by Miss Howard and her associates.

Good tennis players are out nearly every evening and the old timers who are looking for some strong opposition should ask Miss Howard to arrange a set for them.

OCEAN TO OCEAN AIR MAIL

Party Will Start From New York Thursday to Map Route to San Francisco.

Washington, July 28.—Air mail service from New York to San Francisco is expected to be inaugurated the first week in September. Assistant Postmaster-General Praeger announced yesterday.

The exact date for starting of the first transcontinental air mail service, however, will be contingent, said Mr. Praeger, on completion of landing fields and hangars at Cheyenne, Wyo., Salt Lake City and Reno, Nev. These cities already have obtained the fields and let contracts for construction of the hangars. Both fields and hangars. Mr. Praeger said, are expected to be ready in time.

Leaving New York Thursday, J. M. Larson will pilot an air mail reconnaissance party of three planes from New York to San Francisco for the purpose of photographing the route and mapping all possible landing fields.

CONVICT MURDERED.

Killing With Knife in Yard Follows Series of Fights.

Auburn, N. Y., July 28.—Philip Nissman, age 24 a convict in the State Prison here, was murdered in the prison yard by fellow inmates last night following a series of fights in which several convicts participated.

Nissman was stabbed through the heart with a knife.

BARACA PICNIC

One hundred and thirty members and friends of the J. R. N. Curtin Memorial Baraca Class of the First Baptist Church journeyed to the summer home of John Martin near Franconia where they enjoyed a picnic last night. Sixteen touring cars and a three ton truck, the truck being loaned by the Alexandria Transfer and Storage Company, were used to convey the picnicers to the ground. The party returned home shortly after 11 oclock after spending a most enjoyable evening.

RESOLUTE WINS IN YESTERDAY'S RACE

Result Leaves Cup in United States at Present

LIPTON'S COMMENTS

Says "Best Boat Won, and That Challenger Was Beaten Fair and Square.

New York, July 28.—Resolute won the fifth race of the international series here yesterday, against Sir Thomas Lipton's Shamrock IV, thereby retaining the America's cup for America.

The official time of the finish was: Resolute, 6:52:15; Shamrock, 7:05:20.

The challenger was a mile astern when Resolute crossed the line to the accompaniment of the loudest ovation given the winner of any race in the series. Shamrock had closed rapidly in the last hour.

While waiting for Shamrock to finish Sir Thomas Lipton's yacht Victoria ran by the Resolute and all hands joined in three cheers for the victorious yacht and her crew.

Resolute spun across the line a victor by 13 minutes and 5 seconds. She is the thirteenth craft to successfully withhold the pitcher from British challengers. It will probably be at least two years before a new challenger is heard from again.

The day was one of the clearest ever unfurled. The sun was hot—at times too hot—and it seemed the heat was the cause of the small wind. At no time in the race was anyone confident it would be run to a finish. The sharps found satisfaction in the improvement of Burton, but beyond that described the race as one of the dullest of the series.

"I am very sorry, but the best boat won," was Sir Thomas Lipton's remark as Resolute crossed the line. "We all did our best—skipper, designer and crew—and we have been beaten fair and square.

"I have been treated throughout with the greatest fairness and sportsmanship by Americans and I am taking home the very best memories of this contest. I shall wait until next year to give someone a chance to challenge and then I shall rechallenge myself."

OIL TAKEN BY LEVER ACT

Pacific Companies Believed to Court Seizure by Government.

Washington, July 28.—Seizure by six United States destrovers of 500,000 gallons of fuel oil from the Associated Oil Company at San Francisco Monday was under authority of the Lever act, it was stated today at the Navy Department. Officials explained that instructions had been given to make such seizures when oil companies refused to deliver oil on requisition orders issued under the Lever law.

Navy supply officers indicated the belief that several oil companies on the Pacific coast, which have represented their output as being sufficient only to supply private contracts, with-holding delivery of their apportioned quotas to the navy to compel "seizure." Such a course might be held, they said, to place the companies in a stronger position legally in the event of suit being brought for failure to deliver on private contracts.

UNKNOWN VESSEL BURNS.

Sea Isle City, N. J. July 28.—An unknown vessels burned and sank off Sea Isle City at 8:56 yesterday morning. Lookouts at the local coast guard stations first sighted the smoke at 8:30 o'clock.

Smoke and fire suddenly cleared and no trace of the ship or its crew have as yet been found. It is believed that both ship and crew went down.

A patrol of the beach is being maintained constantly and efforts are being made to learn the identity of the vessel, which is thought, from the nature of the fire and smoke, to be an oil tanker, evidence of burnt crude oil making its appearance on the Sea Isle City beach.

Entered at the Postoffice at Alexandria, Virginia, as second class matter.

WANTS CRAP COMMISSION.

Crap has long since become a national pastime with many of the younger generation. Both white and black youths manifest great interest in the game, which, for some reason, they enjoy most out in the open. The participants generally assemble on street corners, often on Sunday, while certain members of the gang, not players, keep a sharp lookout for cops.

Several years ago while passing up Broadway, New York, on a Sunday morning we saw boys shooting crap in front of fashionable Trinity Church.

It is played in Alexandria almost ad libitum, although occasionally the police run in half a dozen or more of the offenders. They almost invariably leave collateral for their appearance, but fail to show themselves when their cases are called.

A correspondent of a Baltimore paper favors a crap-playing commission. Among other things he says:

"I notice that the Governor has at last appointed the Racing Commission and there is also a Boxing Commission. Now there is need for a crap-shooting commission.

"The boys who indulge in this sport often accuse each other of using loaded dice and other foul means to obtain their penny pots of punk. The salary of this commission should be more than the Racing or Boxing Commissions, because it is more important to the general health of the participants.

"If our good Governor has not the authority to appoint such a commission, he should call a special session of the Legislature to authorize him to appoint one.

"However, there might be a subcommission appointed from the Racing and Boxing Commissions, provided the salary is $3,000 to $5,000 for each member. This commission could very well come under the head of either the racing or boxing sports, as there is not a great deal of difference.

"The crap shooters roll the bones within a circle and the races run the half dead bones around a circle; the Racing Commission could look after that part of the entertainment, and, as the game usually winds up with the boys boxing each other's ears, the Boxing Commission could look after that end of the entertainment, and the general health of the community would be well preserved."

UNLICENSED DOGS.

The members of the police force are at present engaged in ferreting out unlicensed dogs, many of which are in this city. Several persons, white and colored, appeared at the special session of the Police Court last night to answer the charge of harboring canines upon which no tax has been paid. They were assessed five dollars each. Another bench, all colored, were arraigned this morning on the same charge. They also were fined five dollars each.

Persons who neglect to pay taxes on dogs make all kinds of excuses. The most common defense is "Why it's only a puppy." Some, it is alleged, entertain several dogs on their premises, which reminds us of an observation of the late George W. Rock, who said: "A poor man keeps one dog, and a real poor man two." In some cases brought before the police court it is shown that some poor men keep three.

Complaints come from every section of the city of canines which make night hideous by yelping at the moon, while a number of "gyps" are running at large followed sometimes by a dozen dogs, fights are common occurrences.

South Fairfax street is especially infested with worthless curs, and people residing in that locality are loud in their complaints. It may be assumed that a large percentage of these brutes are unlicensed, while many are ownerless.

The licenses should have been paid February 1st under the present law.

IN MEMORIAM

In sad but loving remembrance of my dear mother, Jenettie Vaughn, who departed this life one year ago today, July 28, 1919.

We watched you, dear mother, fading,
But little did we know
That on this day one year ago,
Your soul from us would go.
There is a vacant chair at home,
There's a place that can never be filled
For we lost one of earth's greatest treasures
When the heart of our dear mother was stilled.
O, mother, thy gentle voice is hushed
Thy work on earth is done,
And on your pale and peaceful face
Is resting death's cold chill.
Thy hands are clasped upon thy breast,
We have kissed thy marble brow,
And in our aching hearts we know,
We have no mother now.

179-1p By her daughter.

SPORTS

Manager MacDonald of the Dreadnaught Athletic Club and the manager of the Clarendon Athletic Club today will complete details for the series of games between these fast teams to decide the championship of Northern Virginia. The first game will take place Sunday afternoon on the Alexandria High School grounds, and it is expected that a large crowd will be on hand. Managers of both teams expect to have their regular battery in the first game. Singleton or Quayle will do the twirling for the Dreadnaughts, Savage will probably be the catching choice.

The infield has been strengthened greatly by acquisition of Purdy, a stellar shortstop that fields his position with the ease and grace of a big leaguer. Dreifus will be on first. Deavers on second and Ludlow at third.

The outfield will be ably taken care of by Summers, Fraser, Strunkle, Dawson, or Guiles.

SAY "DIAMOND DYES"

Don't streak or ruin your material in a poor dye. Insist on "Diamond Dyes." Easy directions in package.

"FREEZONE"
Lift Off Corns! No Pain!

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Try it!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

HOWARD FIELDS, Auctioneer.

Auction Sale of a Desirable Dwelling House in Del Ray.

Pursuant to the terms of a deed of trust bearing date on August 1, 1912, duly recorded among the land records of the County of Alexandria, Virginia, (now Arlington County, Virginia), in Deed Book No. 134, page 450, given by Carrie A. Derrie and husband to the undersigned Trustee, to secure an indebtedness of twenty-five hundred dollars, with interest thereon, as in said deed of trust is set forth, default having been made in the payment of the sum secured thereby, and at the request and by the direction of the holder of said secured note, the undersigned will offer for sale, at public auction, on the premises, on **Thursday, August 19th, 1920, at 4 o'clock P. M.**, all those lots or parcels of ground, with the buildings and improvements thereon, located in the County of Arlington, (formerly the County of Alexandria), Virginia, known and distinguished as lots numbered ninety-nine and one hundred in a certain plan of lots called "Del Ray", surveyed by D. J. Howell, Surveyor, as shown on the plat thereof, which is duly recorded among the land records of the County of Arlington, (formerly Alexandria County), Virginia, in Liber O No. 4, Folio et seq.

Terms of Sale: Cash; conveyancing, including revenue stamps, at the cost of the purchaser.

BENJ. F. EDWARDS,
179-19c Trustee.

Old Folk's Best Friend

That's what many call it, for it puts vim and vigor into old stomachs, rejuvenates old veins, sound flesh on old bones. Drink a glass of this delicious tonic with each meal.

HEAL SKIN DISEASES

Apply Zemo, Clean, Penetrating, Antiseptic Liquid

It is unnecessary for you to suffer with eczema, blotches, ringworm, rashes and similar skin troubles. Zemo, obtained at any drug store for 35c, or $1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress.

The E. W. Rose Co., Cleveland, O.

CALOMEL HORROR TOLD BY DODSON

You Don't Need to Sicken, Gripe, or Salivate Yourself to Start Liver

You're bilious, sluggish, constipated. You feel headachy, your stomach may be sour, your breath bad, your skin sallow and you believe you need vile, dangerous calomel to start liver and bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money. Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling splendid. It is perfectly harmless so give it to your children any time. It can't salivate.

THOMAS L. CARTER, Auctioneer.

Auction sale of a very desirable residence and lot of ground on South Pitt street in the City of Alexandria, Virginia.

Pursuant to the terms of a deed of trust bearing date on August 1, 1919, given by R. S. Roberts, unmarried, to the undersigned Trustee, and duly recorded among the land records of the City of Alexandria, Virginia, in Deed Book No. 68, page 499, default having been made in the payment of the sum thereby secured at the request and by the direction of the holders of the notes thereby secured, the undersigned Trustee will offer for sale at public auction at the Royal Street entrance to the Market Building, at 12 o'clock Noon on Thursday, August 5, 1920, that lot or parcel of ground in the City of Alexandria Virginia, with the buildings and improvements thereon, known as No. 308 South Pitt Street (the former residence of the late Park Agnew) bounded and described in accordance with a survey made by E. C. Dunn, City Engineer, as follows, to-wit:—

BEGINNING on the east side of Pitt Street 118.94 feet south of Duke Street and at the south side of an alley; thence eastward along a fence and the north wall of a brick stable and 2.75 feet east of the northeast corner of said stable and 118.42 feet from Pitt Street and 118.03 feet south of Duke Street; thence southward parallel to Pitt street 77.60 feet; thence west parallel to Duke Street 1.5 feet; thence southward, along a fence and the west side of a brick building 43.58 feet; thence west 156.3 feet to Pitt Street; thence northward along Pitt Street 120.58 feet to the beginning, with the right of way over said alley and with appurtenances to the said property belonging or in any wise appertaining.

This sale is to be made subject to the lien of a first deed of trust given to secure the payment of the sum of fifty-five hundred dollars and interest thereon which said trust has about two years still to run.

TERMS OF SALE: CASH; conveyancing, including revenue stamps, at the cost of the purchasers.

GEORGE HOWARFIELD,
Trustee.

VIRGINIA NEWS

Alexandria corporation court has
o cases on the docket of the next
m of the supreme court of appeals.
h are whisky cases, the penalty
each having been the same. A
n named Rozick was given thirty
s in jail and ordered to pay a fine
$300 for making whisky, and the
ne punishment was meted out to
e Miller for an identical offense
e supreme court has allowed a
it of error and supersereas in the
es, and they are due to be heard
the fall term of the court here. In
e past there have been many cases
this sort reviewed by the court,
e trend of decisions being that the
ver courts have been upheld, but
der the new law of the state every
se of a criminal character has an
peal by right.

At the point of death and suffer-
g agony, Rosa May Alley, 12-year-
daughter of Mr. and Mrs. C. E.
ley, lies in Petersburg Hospital
th her entire body a mass of burns,
ceived Monday at her home when
e struck a match in a room where
r mother was cleaning with gaso-
e. Physicians stated that death is
omentarily expected.

With the time for the new city
vernment to go into office five
eks off, a big shake-up in the
ads of the Newport News depart-
nts is predicted before January 1.
othing definite will be done toward
aking radical changes in adminis-
trative heads of the various depart-
ments until the city manager, to be
selected by the council next month
gets on the job and has had a chance
to look 'em over. It is known that
several members of the new council
have well defined ideas as to what
changes they want to see in the
personnel in the various depart-
ments, but it is believed that they
will give the city manager a free
hand in reorganizing the departments
in accordance with the new charter.

Frank R. Bartlette, former cashier
of the Colonial State Bank of New-
port News, will be placed on trial in
corporation court today charged with
the larceny of $96,000 in connection
with the failure of that institution
last February. Bartlette was indic-
ted on twenty-one counts by a grand
jury at the March term of court. The
basis for the presentment was in con-
nection with certain "check kiting"
operations in which the late R. D.
Holloway was alleged to have figur-
ed, and by which the Colonial lost
close to $100,000.

An unidentified negro was shot and
killed Monday morning in West
Norfolk by Constable Marable. The
officer was on his way home when
he discovered an automobile drawn
up at Davis's store. Goods from the
place had been piled into the car, he
stated. A moment later he discover-
ed a negro in the store attempting to
open the safe. When he emerged
the constable grabbed him. The
negro attempted to break away and
finally succeeded. He was warned
by the constable to stop, but paid no
heed. The officer then fired four
shots, mortally wounding the negro.

Lighting has taken a heavy toll
from farmers in the Fredericksburg
section of Virginia during the past
few days. The garbhouse of L. Seal,
near Gold Mine, Fauquier County,
was struck and set on fire while Mrs.
Seal was alone in the house and con-
fined to her bed. Lightning struck
and killed five out of seven horses in
the stable of J. C. Helfin, near Tack-
ett's Mills, Stafford County. Nine-
teen head of young cattle owned by
Duff Green, near Haymarket, Prince
William county, while huddled under
a tree during the storm, were struck
and killed. They were valued at
over $2,000. The barn of Henry W.
Edwards, Stafford County, near
Fredericksburg, was struck and
burned to the ground with a large
quanity of hay and grain.

BACK GIVES OUT

Plenty of Alexandria Readers Have This Experience.

You tax the kidneys—overwork them—

They can't keep up the continual strain.

The back may give out—it may ache and pain;

Urinary troubles may set in.

Don't wait longer—take Doan's Kidney Pills.

Alexandria people tell you how they act.

Mrs. Mary Williams, 914 Duke St., Alexandria, says: "About two years ago I was suffering terribly from kidney trouble. My back pained me so at times I could hardly get about. Nights, lying in bed, it seemed as though my back were broken. My kidneys acted much too freely and that broke my rest. Mornings I felt stiff and sore and could hardly get out of bed. I was completely run down. Doan's Kidney Pills soon gave me relief and after I had finished two boxes my kidneys acted naturally and the pains in my back were gone. I was entirely cured."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Williams had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

Week's Washing For a Few Cents

Time, Trouble and Money Saved by New Method

The famous Clean Easy method of washing is working wonders for women all over the country. "There never was anything like it!" "Best friend a woman ever had." "I wouldn't be without Clean Easy a minute." "Has done more for me than anything I ever bought"—are samples of what they say about Clean Easy Naptholeine Wash Soap.

Its record is truly remarkable. Ten minutes boiling in 4½ gallons of water and ½ bar of Clean Easy sterilizes, purifies and cleans the coarsest garments. No rubbing—no scrubbing—simply plunge with a stick. Then rinse them in clear waters, blue and dry.

Can you imagine anything easier, simpler or more economical? Clean Easy goes after dirt, grime and germs, dissolves them and absorbs them in the cleansing water, leaving your clothes clean, sweet, and wholesome. It does not hurt the fabric.

Try Clean Easy once, and you will join the ranks of thousands who are being relieved of the drudgery of working by this wonderful wash soap. Ask your grocer for a bar of Clean Easy enough for two week's washing. Notice how different it is from other soaps—and how differently it works. Follow the directions on the inside of the wrapper.

It Is Iron In The Blood That Makes Iron Muscles Like These---

Physician Explains a Secret of the Great Power and Endurance of Athletes—Tells How Organic Iron—Nuxated Iron Helps Build Rich, Red Blood That Gives Physical Strength and Energy

"It Feels Like Iron"

To touch the arm of a strong, sturdy man—to feel the steel-like firmness of those muscular sinews—to think of the tremendous force and power that must lie behind such strength—these are thrills that come to the thin-blooded men and women whose own bodies are weak and physically unfit.

It takes men of red-blooded force and power to hit the sledge-hammer blows that count—and whether you are a pile-driver or a bank president you cannot expect to win out against odds forever unless you are a man of iron—constantly able to strike—and strike hard.

"There are countless numbers of men today who at 40 are broken in health and steadily going downward to physical and mental decay," says Dr. John J. Van Horne, formerly Medical Inspector and Clinical Physician on the Board of Health of New York City. "Yet there are thousands of such men who undergo a most remarkable transformation the moment they get plenty of the right kind of iron into their blood to give increased energy and endurance. To help build stronger, healthier men and women, better able physically to meet the problems of everyday life, I believe that physicians should, at every opportunity prescribe organic iron—Nuxated Iron—for in my experience it is one of the best tonic and red blood builders known to medical science."

If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day, after meals, for two weeks. Then test your strength again and see for yourself how much you have gained. Many an athlete or prize fighter has won the day simply because he knew the secret of great strength and endurance, which comes from having plenty of iron in the blood, while many another has gone down to inglorious defeat simply for lack of iron.

Manufacturers' Note: Nuxated Iron, which is prescribed and recommended above by physicians, is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older inorganic iron products, it is easily assimilated and does not injure the teeth, make them black, nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed by all good druggists.

NUXATED IRON
For Red Blood, Strength and Endurance

"There's a Reason"

Why Itch and Burn With Skin Diseases?

There is a Way to Get Rid of the Torturous Suffering.

Terrifying skin irritations, eczema, tetter, boils, pimples, etc., have their origin in a disordered condition of the blood. They come from a colony of tiny germs which get into the blood and multiply by the million.

Lotions, salves, ointments or similar treatment cannot possibly reach the source of the trouble, which is the blood.

When any of these symptoms appear you should take prompt steps to rid the blood of the germs which cause them. And the one remedy which has no equal as a blood cleanser is S.S.S., which is sold by druggists everywhere.

Begin taking S.S.S. today, and write to our Chief Medical Adviser, who will give you special instructions without charge. Address Swift Specific Co., Atlanta, Ga.

When the train came in back in 1910

I

TEN years ago you might have seen one or two automobiles waiting outside the station, when the weather was pleasant.

Today the square is crowded with them. And most of the cars you generally see there are moderate-price cars.

II

Anybody who tells you that owners of moderate-price cars are not interested in the *quality of their tires* has never met very many of them.

We come in contact with the small car owner every day and we have found that he is *just as much interested* as the big car owner.

III

There is one tire, at least, that *makes no distinction* between small cars and large cars so far as quality is concerned—the U. S. Tire.

Every U. S. Tire is *just like every other* in quality—the *best* its builders know how to build.

Whatever the size of your car, the *service* you get out of U. S. Tires is *the same.* It isn't the car, but the *man who owns the car*, that sets the standard to which U. S. tires are made.

IV

We feel the same way about it. That's why we represent U. S. Tires in this community.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—*everywhere*—U.S. Royal Cords.

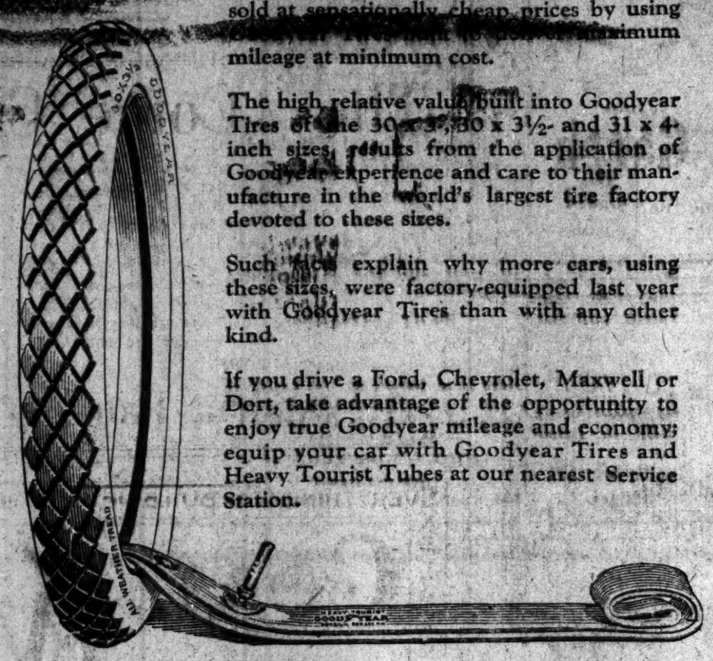
Save Money—Put Goodyear Tires on Your Small Car



Avoid disappointment with tires made to be sold at sensationally cheap prices by using Goodyear Tires that give maximum mileage at minimum cost.

The high relative value built into Goodyear Tires of the 30 x 3½, 30 x 3½ and 31 x 4 inch sizes, results from the application of Goodyear experience and care to their manufacture in the world's largest tire factory devoted to these sizes.

Such facts explain why more cars, using these sizes, were factory-equipped last year with Goodyear Tires than with any other kind.

If you drive a Ford, Chevrolet, Maxwell or Dort, take advantage of the opportunity to enjoy true Goodyear mileage and economy; equip your car with Goodyear Tires and Heavy Tourist Tubes at our nearest Service Station.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread, $23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti Skid Tread.... $21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30x3½ size *in waterproof bag*..... $4.50

GOODYEAR

BAILEY HOLDS 4,000 LEAD.

Dallas, Tex., July 28.—Former United States Senator Joseph W. Bailey had a lead of 4,149 votes over Pat M. Neff, of Waco, his nearest opponent in the contest for the Democratic nomination for governor in yesterday's tabulation of unofficial returns from Saturday's primary which accounted for approximately two-thirds of the estimated vote.

The figures compiled yesterday gave Bailey 128,848; Neff 124,199; Robert E. Thomason, of El Paso, 86,358 and B. F. Looney, former State's attorney general, 42,875.

While complete returns probably will not be received for several days it is regarded as assured that Bailey and Neff will be opponents in a "run-off" primary August 28.

Bailey advocated the "open shop" in his campaign.

MOVIES

RICHMOND—Elsie Ferguson and Charlie Chaplin.

It is doubtful is Elsie Ferguson has ever been more agreeably cast in a screen play than she is in "Counterfeit," her picture at the Richmond Theatre today. Oudia Bergere has crowded into the film practically all the elements that belong in the successful photo-drama. There is a well-developed action leading easily into climaxes that produce the requisite thrill, more or less mystery envelopes the story, the love interest is well sustained and Miss Ferguson is given the opportunity to wear some stunning gowns.

The picture has been fashioned adroitly to fit the capabilities of the star. The same atmosphere of high-bred "class" that pervades all the Ferguson films is again apparent.

Charlie Chaplin in "The Vagabond" as a reissue picture will be shown as a extra attraction.

INGOMAR—"Who's Your Servant?

"Wh's Your Servant?" the gripping picture, which will be seen at the Ingomar Theatre today is based upon a play by Julian Johnson in which Holbrook Blynn was seen.

COOLIDGE NOTIFIED.

25,000 Attend Ceremony at Home in Northampton, Mass.

Northampton, Mass., July 28.—Standing on a small raised platform overlooking the tennis courts at Allen Field, Smith College, Gov. Coolidge yesterday accepted the Republican nomination for the Vice Presidency before more than 25,000 spectators, Gov. Edwin P. Morrow of Kentucky made the notification address.

They get it from the performance of Diamond Tires.

LINDSEY-KIRK CORPORATION
Alexandria, Va.

"Pop, You Are Old Fashioned!"

—"How is that?"

—"Because you're always giving in to illness. It simply isn't being done any more."

—"Son, you're only making motions with your mouth. If you were a man in middle life, your talk would be different. For the past ten years, off and on, I've suffered, and I can trace it all back to constipation."

—"Of course, you have. And do you know why? Because you're the greatest little laxative pill-taker in the state. You've been punishing your intestinal system with all sorts of mineral waters, salts, pills and castor oil for ten years; and now you wonder why you aren't feeling up to scratch. Turn a leaf, Dad. Get wise to yourself."

—"It's all very well to talk, but what is a man to do?"

—"Listen, Dad. Do you know what everybody is taking now for constipation? Nujol! You see it everywhere—in cars, hotels, college dormitories, ocean liners. And why? Because Nujol encourages the bowels to move *naturally* and promotes regular movements.

—"Nujol works on an entirely new principle. Instead of forcing or irritating the system, *it simply softens the food waste*. This helps all those tiny muscles in the walls of the intestines, contracting and expanding in their normal way, to squeeze the food waste along and out of the system. It is absolutely harmless and pleasant. I always take it when I feel a little off."

—"Humph! How do you take it?"

—"A tablespoonful before you wind up the old clock at night and another in the morning, for a few days. And say, Dad, you'll soon be feeling like a two-year-old feels when the pistol bangs for the start."

—"All right, son. I'm sold. Let me have your bottle so I can start it tonight."

Nujol is sold by all druggists in sealed bottles only, bearing the Nujol trade mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet, "Thirty Feet of Danger".

FOR RENT—Three apartments, one 6 rooms, bath, side porch; one 3 rooms, porch, large lawn; one of seven rooms. Apply 607 Queen street. 179-3p.

HEALTH WORK
REVIEW OF YEAR

(Continued from page one)

in some of these places would indicate the important character of this work.

Over 1600 official inspections of the above class of places have been made during the year. This does not include the many special inspections made in answer to complaints received. Moving picture houses and barber shops are under frequent inspection.

Abatement of Insanitary Conditions

The owners of 239 buildings were compelled to connect their premises to the sewer system, during the past year. This at once and permanantly removed that many dangerous insanitary conditions. Many of these houses were scattered about the city in all sections, while a large number were abuting upon streets in which sewers had been laid for five to twelve years. We consider our efforts along this line as part of the most important work accomplished since the organization of the department of health. I might mention incidentally that this work also brought into the City Treasury between $5,000 to $6,000. Much of this sum having been due and unpaid for years past.

A total of 587 other insanitary conditions and nuisances have been abated and 1106 complaints investigated and acted upon as each case required.

Medical Inspection and Nursing

Upon this branch of our work rests a very heavy responsibility, inasmuch as the control of contagious diseases depends upon the efficiency of our preventive measures.

The fact that we have had only four cases of smallpox during the past 13 months and 10 cases of scarlet fever and but a single case of diphtheria since January 1st to the present date, would seem to indicate that this department had made use of all possible means to prevent the spread of dangerous contagious diseases within our city limits.

827 school and other children were given medical examinations. 223 antityphoid inoculations were given and 383 persons vaccinated against smallpox during the year. The quarantining of places where contagious diseases existed, fumigation of rooms, instructive and nursing visits by our public health nurse, etc., make an interesting list which is fully noted in the detailed report.

The Health Department Laboratory

It has often been well said that the laboratory is the eye of the health officer. This is very true, for without it the health officer would be much like a blind man trying to guess the condition of his surroundings. The laboratory eliminates guess work and reduces things to a scientific certainty. During the year we have made over 4,000 bacteriological tests and examinations.

We have rendered prompt and effient aid to our local doctors in the diagnosis of suspected contagious diseases. We also made 167 diphtheria cultures for Fairfax County, and 47 for Alexandria County, The detailed report will show the large amount and varied character of the work done in our laboratory during the past year. The daily tests of our city water supply, the checking up of the quality of milk furnished our citizens, would alone repay the cost of maintaining the laboratory.

VENEREAL DISEASE CLINIC

This clinic was opened as a branch of the health department on October 1st. 1919. From that date to the end of our fiscal year, June 30, 1920, we treated 129 male and 37 female patients. Total treatments given, 1794. Literature was distributed to over 3,000 people. Four illustrated public lectures were given, with an average attendance of 400 at each lecture.

The work done in our clinic in the treatment of the most dangerous and highly contagious venereal diseases, can never be measured in dollars and cents.

In the past, such diseases have been carefully concealed behind a veil of false modesty. It was not until our army was being mobilized that this veil was torn asunder and the true facts brought into the light. These facts gathered by army surgeons and other investigating government agencies, fully proved that our very nation was being undermined by these hidden and destructive diseases. We are now doing our part here in the work of the cure and prevention of this class of diseases.

Typhoid Fever

Typhoid fever is used by all health authorities as a guage by which to judge the general sanitary condition of the city, and the efficiency of the local Health Department.

Such records as we can secure, show that for many years past typhoid fever has prevailed in this city in epidemic form. Let us now see how the record stands for the first year after the organization of a full time health department, compared with the previous year.

From July 1st, 1918 to June 30th 1919 there were 15 deaths from typhoid. Compare this with the past fiscal year July 1st, 1919 to June 30th 1920, showing only 6 deaths. During 1918 there were over 200 cases. This was reduced to 81 cases in 1919. If the present low rate continues up to January 1st next, the last year's rate will also be greatly reduced. From January 1st. 1920 to July 16th, we have had only 21 cases, compared with 42 cases for same period of last year, and 78 cases same period of 1918.

Vital Statistics

There were 558 births and 333 deaths reported during the past year.

In conclusion, when we sum up the record of the past year's work as set forth fully in the detailed report, it is with some degree of pardonable pride that we point to the large volume of practical and constructive work that has been accomplished by your department of health during the first year of its official existence.

Respectfully submitted.

LOUIS E. FOULKS, M. D.
Health Officer.

Three Great Bargains

11 rooms and bath on Pitt street, lot about 80x125; elevated position, plenty shade, wood work in perfect condition, needs papering and electric lights, at small expense can be made one of the most attractive homes in the city, or can, inexpensively, be converted into apartments, paying a very handsome return on the investment. The price is ridiculously low. Investigate this.

Six rooms and bath, brick, with corner store, a combination home and business proposition that can't be surpassed; in perfect condition, newly papered, electric lights etc. People who know, say this property would be cheap at $1,000 more than we are asking.

Nothing pays better than a good large rooming house, we have a handsome brick structure, containing about 30 rooms, large yard and plenty shade; has been paying about $150 per week net; could be converted into apartments at little expense; fully furnished and can be purchased at the very low price of $16,000. The prices on the above properties are low under any and all conditions.

Good Light Lightens Labor : :

Lighting the kitchen is like lighting a factory. Good lighting quickens production, as the factory man would say. In other words, it makes work go faster without the expenditure of any more energy.

Of all places needing more light and better light the kitchen in most homes is one of the most important. And when you have doubled or trebled the light in your work rooms, try it also in your living rooms.

If you find that doubling or trebling the illumination there mean glaring light, don't cut down the amount of lighting again—shade the light better! Keep the direct rays from striking the eye. Throw some of the light to the ceiling and walls.

In every socket—in every room from cellar to garret—use only
EDISON MAZDA LAMPS

If you will do that, you will find that a great deal more light in the room is decorative, pleasing and restful. It's not the amount of LIGHT that you find irritating in some rooms, but the amount of GLARE.

OUR METER MEN REPORT THAT A NUMBER OF OUR CUSTOMERS ARE USING CARBON LAMPS. WHY NOT BE UP TO DATE? USE MAZDA LAMPS—BETTER LIGHT—LOWER BILLS.
